PROFILE

I'm a Software Developer with 4+ of experience building mission-critical applications for aerospace and logistics industries. I transform complex requirements into scalable, high-performance solutions.

TECHNICAL EXPERTISE

FRONTEND

Blazor

HTML5

CSS3/SASS

JS

Bootstrap

BACKEND

C# .NET 8

ASP.NET

WPF

Python

PHP

DB & OTHERS

SQL Server

MySQL

Git / TFS

EDUCATION

WEB APPLICATION DEVELOPMENT
IES Domenico Scarlatti | 2021

NETWORK & MICROCOMPUTER SYSTEMS
Centro Hease Villaverde | 2018

LANGUAGES

Español Native
Inglés B2-C1 Proficiency

PROFESSIONAL JOURNEY

C#.NET PROGRAMMER

2025 - Current

Airbus Crisa · Madrid

- Building modern web applications with Blazor and .NET 8 for internal aerospace systems
- Implementing MudBlazor and Radzen component libraries for enhanced UX
- Managing and optimizing SQL Server databases for mission-critical applications

C#.NET PROGRAMMER

2023 - 2024

FM Logistic · Toledo

- Maintained internal ASP.NET Framework application serving 500+ daily users
- Developed and maintained RESTful web services in .NET 6 and .NET Framework
- Created custom features for new clients, improving operational efficiency by 30%

C#.NET PROGRAMMER

2022 - 2023

Orbital Critical Systems (Airbus) · Madrid

- Developed WPF desktop applications with .NET 6 for aerospace critical systems
- Worked in Agile methodology with sprint planning and daily standups
- Implemented MVVM pattern with Material Design for intuitive interfaces
- Agile Methodology

C#.NET PROGRAMMER

2021 - 2022

GMV · Madrid

- Built emergency management system for Spanish maritime rescue with C# .NET and SQL Server
- Created Python web scraping scripts to collect vessel data and images
- Developed public-facing web portal with SOAP API for emergency data access

CONTINUOUS LEARNING

COURSES

SQL From Zero (OpenWebinars)
HTML5/CSS/JS (Udemy)
Python Application Development (Formadores IT)

BEYOND CODING

Video Games | Basketball | Photography |
Always Learning
